

25 / 30 FourStroke

Dependable starts and performance

When the battery on an ordinary engine is drained, you have nowhere to go. Not so with a Mercury 25-30 hp FourStroke. Every engine in the horsepower range comes standard with a manual recoil starter. So even if the battery quits, you can take matters into your own hands and keep your boating trip going.

Battery-free Electronic Fuel Injection (EFI) on Mercury 25-30 hp FourStroke models delivers consistently easy starting, crisp throttle response, increased fuel economy and outstanding overall performance.

Step up to a 30 high output. 30 hp exclusive

Nothing moves a big load better than a 747 cc displacement powerhead producing more thrust to power heavier loads, from a heavy boat to a large aluminium or fibreglass fishing boat, the Mercury 30 HO delivers the control, thrust and low speed control to make your boating experience as best as you can imagine.

IT STARTS WHEN YOU SAY SO

HP	Disp (cc)	Engine type	Dry Weight*
30 HO EFI	747	Inline 3	98 kg
30 EFI	526	Inline 3	78 kg
25 EFI	526	Inline 3	71 kg

*Lightest model available

Low end torque

These 25 - 30 hp FourStrokes may be small on horsepower, but they're big on displacement. Featuring loads of strong, low end torque, these outboards have the power needed to get you up on plane with immediate throttle response and quick acceleration.

Comes in handy

Thanks to the Mercury multifunction tiller handle, standard on 25 - 30 hp FourStroke models, you can cruise the water with one hand behind your back. This revolutionary, all-in-one handle design delivers one handed operation for shifting, stopping, throttle control, tilting, friction control and steering. Small car booths or storage areas, the 25 - 30 hp comes in handy again with a tiller that can fold all the way down for easy storage.

Great acceleration, more torque

Compact but powerful, Mercury 25 - 30 hp FourStroke outboards feature **extra displacement and outstanding low-end torque** that put a boat smartly on plane.

Single-handed control

The exclusive Mercury multifunction tiller handle puts **all-in-one control** in the palm of your hand - shifting, stopping, throttle control, tilting and steering (available on 526 cc models only).

Electrical support

A high-output alternator **keeps batteries charged** and fishing electronics humming.
